

Clean Sweep™ Mini

Pick-Up Broom

FEATURES

- Direct drive design
- Adjustable arbor wheel allows control over bristle pressure to surface while extending bristle life
- Replaceable cutting edge
- Completely covered to control dust
Ideal for warehouses, machine sheds, parking lots, job sites, etc. where dust containment is a MUST!
- Reversible bristle direction for multi-purpose

Swept Away...

Sweep clean and scrape mud going forward or in reverse. Ideal for construction, industrial or municipal jobs, the Clean Sweep Pick-Up Broom is easy to attach and simple to operate. Replaceable cutting edge helps cut loose caked-on mud, while the sweeper's poly bristles deposit dirt and debris in the container which can be dumped when full.
